SHORTHORN SALE January 24, 1957

SEVEN GOOD REASONS YOU SHOULD ATTEND THIS SALE

1. *The Eleven Good Gambler Bulls Available to You.* Most of them are red. This herd has been built on the continual use of top sires.
2. *You will be offered 18 as good, young bulls as you can find anywhere* and you will be able to make a more sound cattle value investment in your next herd sire here than at any other sale. These bulls are bred to breed on. The good bulls of the breed appear in their pedigrees generation after generation.
3. *The heifers bred to Hallwood Seven Eleven, and the young cows with calves by him* will give you a rare opportunity to own the offspring of this great, young sire even before we have the chance to select them for our show string. They should be producing for you by the time others are winning for us.
4. *The cows with Gambler calves at foot and bred to Gambler* will afford you an opportunity of getting a Gambler bull at a bargain.
5. *We all like to buy on a rising market.* The reputation of this herd is gaining each year. Cattle purchased here are going to benefit from that better reputation by the time you are selling their offspring.
6. *Buy them cheap and sell them high.* At the present market you can improve your herd by the addition of a few choice females without a heavy initial investment.
7. *We will all want to expand our herd when prices start to climb.* Now is the time to prepare your herd for future expansion by securing the kind of females that can and will produce your future replacement cattle.

As an extra inducement here is the place to meet your old friends, make new friends, and expand your acquaintance among the breeders of our favorite breed of cattle — SHORTHORNS.

Robert Collier with one of next year's Hallwood Farms show prospects.

Dear Merv:

We have tried to make available, for our sale, all of the best bulls we could spare — all except Seven Eleven — as well as a few we know will go reasonable enough for anyone. Few breeders have been able to offer more bulls of Champion caliber.

Truly we would like to keep some of these bulls for our own use but realize we must offer our good ones. Our bred heifers represent an entire heifer crop with none reserved. Most of our cows with calves were selected for the calf that is "at side." Again, we have offered our best. Only a few open heifers are offered but included is our 1956 American Royal Reserve Grand Champion Female.

I have seen the Deason offering and can assure you that they are selling some good ones. The two Elvin bulls are top prospects in any company.

D. L. Coffee has only a few but he has some of the best. He may be selling the best Gambler bull calf in the sale.

The Burford consignment consists of cows with calves at side or very heavy in calf. Some of these calves will be sired by a Gambler bull he bought from Mr. Coffee and part of them will be sired by Hallwood Douglas purchased from us. Douglas sired the good, dark roan steer shown by Elgin F.F.A. this past fall.

Merv, we have purposely offered a large number in this sale in order to make available a good selection. There will be enough cattle for everyone and good enough cattle for anyone.

OUR COVER PICTURE

A family interest in Shorthorns provides a common approach to goals of gracious living. Improved livestock creates an atmosphere of friendliness evident in the picture on the front cover of this number of *The Shorthorn World*.

The photograph on the front cover of this number of *The Shorthorn World* was taken on Hallwood Farms, Fletcher, Okla. No publicized stars of the cinema could have posed more naturally for our photographers than did Mrs. Robert Collier and her father-in-law. We think it is one of the great pictures taken over the years for the magazine. The Shorthorn heifer in the picture is Hallwood Wreath 3rd, a member of the excellent J. A. Collier & Son herd.

Cooperation of members of the Collier family has contributed to the almost fabulous success of Hallwood Farms Shorthorns. The love of improved livestock provides favorable climate, figuratively and sociologically, in which to nurture the ideals of Americanism expressed in this picture.

(Reprinted from the May 15, 1953 issue of the Shorthorn World)

Mrs. Robert Collier and her father-in-law, J. A. Collier, both of Hallwood Farms, and "Blondie," the Shorthorn heifer registered as Hallwood Wreath 3rd.

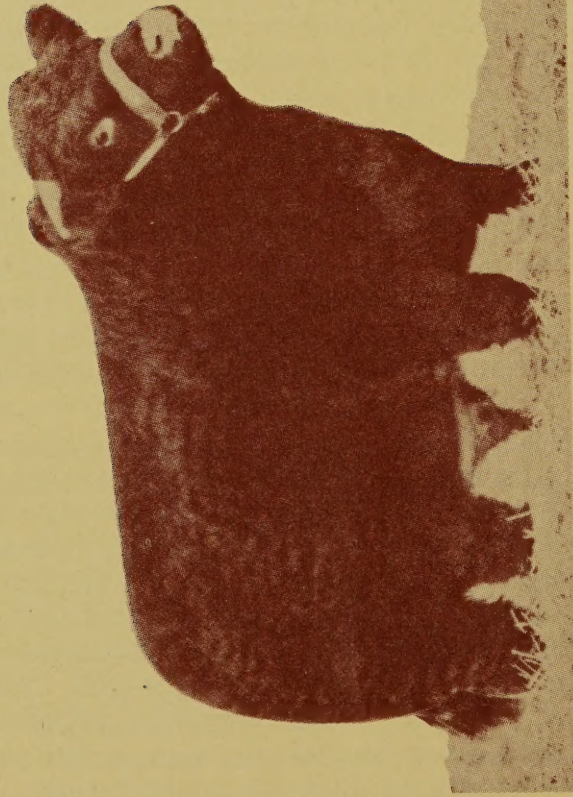

YOU CAN TAKE THE GAMBLE OUT OF YOUR BREEDING PROGRAM BY BUYING IN THIS SALE

Here is a sale offering that has been many months in the making. Mr. J. A. and Bob Collier, and Doug Coffee, felt from the first that they had a great breeding bull in Clear Creek Gambler but they wanted to prove it to themselves and everyone else before they offered his get in large numbers to the buying public. Well, the testing ground has proved that they are right in believing so strongly in the sons and daughters of Clear Creek Gambler and by this time these cattle have done well in the major show rings of America, as well as in some of the strongest breeding herds in the land. These people believe so strongly in Clear Creek Gambler that they recently purchased his sire, Kirkton Gambler. They have retained for use in their own herd one of Clear Creek Gambler's most illustrious sons, Hallwood Seven Eleven. Thus, they will have the sire, son and grandson all in heavy service in the Collier and Coffee herds. The Gambler cattle seem to have a perfect balance between weight for age and early maturity, coupled with the ability to transmit these characteristics to their get.

The Colliers are offering many of their champions during the past show season. D. L. Coffee may be selling one of the best young Gambler bulls that has been offered as yet. Oscar and Jack Deason have proved, down through the years, that their Shorthorns are the right kind. Particularly notable has been the wonderful steer records made at such great shows as the Chicago International on calves bred by them. The two sons of Alvin's Type that they are selling in this sale are top prospects and capable of heading strong herds. The Burford consignment consists of a wonderful opportunity for anyone wishing to buy some good-producing females. They have used a son of Clear Creek Gambler and are also featuring the get and services of the Oklahoma champion, Hallwood Douglas.

If you are looking for Shorthorns that can give you a sound, proven breeding program, I recommend that you make every effort to attend this sale on Thursday, January 24.

MERV AEGERTER, Sale Manager

Clear Creek Gambler, top selling bull at \$6000, in the 1952 International Congress sale. Sire, Kirkton Gambler. Purchased by D. L. Coffey, Lindsay, Oklahoma, and J. A. Collier, Fletcher, Oklahoma. Females sell bred to him.

FOR REFERENCE ONLY

CLEAR CREEK GAMBLER was not a reputation bull. In our search for the right bull we visited most reputation breeders but when we found Gambler there was no question in our mind but that he would be our new herd sire. Although we had to bid much higher than we felt able to bid, we have not been disappointed. We feel we received full value. Likewise, your dollars invested for a bull in this sale will purchase full bull value. Recently, D. L. Coffey and I purchased the sire of Clear Creek Gambler. We believe in the Gamblers.

MELBA ANN 4th -- one of the best pairs offered. Has a red bull calf at foot by Hallwood Seven Eleven dropped September 23. Here is your chance to use the first bull by this great young sire. We do not hesitate to recommend this pair.

SIRE

KIRK LUN GAMBLER whose first five calves sold by Clear Creek Farms in 1952, at public auction, averaged \$4,340. We recently purchased this proven sire from Mr. and Mrs. M. H. Woody of Greentown, Indiana.

We Believe in the "Gamblers" Beef Where it Counts

... and How!

A perfect balance between weight for age and early maturity, coupled with the ability to transmit these characteristics to their get.

SON

CLEAR CREEK GAMBLER

We believe that by using these three generations of the "Gamblers" that we can more permanently fix their type and highly desirable breed characteristics in our herds.

ROSEWOOD 141st -- we had not intended to sell these first Gambler heifers and I don't care to sell my Rosewoods but as an attraction to the sale, we picked a good heifer calf and her dam. The red heifer at side calved June 14 is by Marellbar Prescription, by Cruggleton Allardice, sire of Bill Anderson's winning summer yearling bull. This is a thin heifer and her first calf but she is the right kind. Her dam, Rosewood 131st was Champion Female at Topeka, Kansas 1947. Rebred July 31 to Hallwood Air Control.

The COLLIER-COFFEE-DEASON-BURFORD

Standard Guarantee of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

SHORTHORN SALE January 24, 1957

BUYERS FROM A DISTANCE – Fletcher, Oklahoma, is located on the main line of the Frisco Railroad between St. Louis and Fort Sill near Lawton, Oklahoma. Many of the streamliners stop at Fletcher, and all of them will stop at near-by Lawton. Buyers arriving on the main line of the Rock Island Railroad will be met at Chickasha, Oklahoma, if they will contact either Robert Collier or the sale manager, Merv Aegerter. Consult your nearest ticket agent for other main railroad line and airline service into Oklahoma City and into Lawton.

SALE HEADQUARTERS – The Lawtonian Hotel in Lawton will be sale headquarters, and transportation will be furnished from this hotel to the sale and upon return to Lawton again following the sale. Fletcher is located 80 miles southwest of Oklahoma City, and only 20 miles northeast of Lawton on U.S. No. 277.

4-H and F.F.A. MEMBERS – For many years some of the top Shorthorn steer prospects have been furnished by the breeders selling in this sale. A number of the females will have outstanding calves at foot, suitable for project work and, in addition, Mr. Bart Rayburn is offering an outstanding club calf prospect sired by Royal Gambler, the bull that L. P. Burford & Sons have used liberally.
